# SCHOOL CLIMATE SURVEY

We would like to thank our students, parents, staff and school community for taking part in our school climate survey. By providing us with information that is important to you, particularly in the areas of school safety, inclusive education and mental-health and well-being, you effectively helped guide school planning. Together, you identified what we do well, where we could improve and what your priorities are. Here is how your feedback is making a difference.

## The survey questions that we asked:

1. What are your thoughts on your school meeting the educational needs of all of its students?
2. What are your thoughts on your school's safety?
3. What are your thoughts on how student mental health and well-being is supported in your school?

## Top feedback 'themes' that we heard are important to you:

- Educational Needs
- Communication
- Learning Environment/Resources

## Actions taken as a result of your survey feedback:

- Introduction of 'Caught Being Good' coins and student of the month awards to reinforce positive behaviours
- New library and computer lab was created with some flexible learning space
- Improve the communication with parents through use of Remind App, Synervoice, Newsletters, D2L, Agendas and the school website
- Purchase new sports equipment for use during recess and gym class
